## ABOUT US

Jew company - coimbatore, we are leader in the field of pattern manufacturing since 1985 by P.Rajappa. 40 years of experience in this field we owned and operated casting manufacture foundry, pattern shop and machine shop.

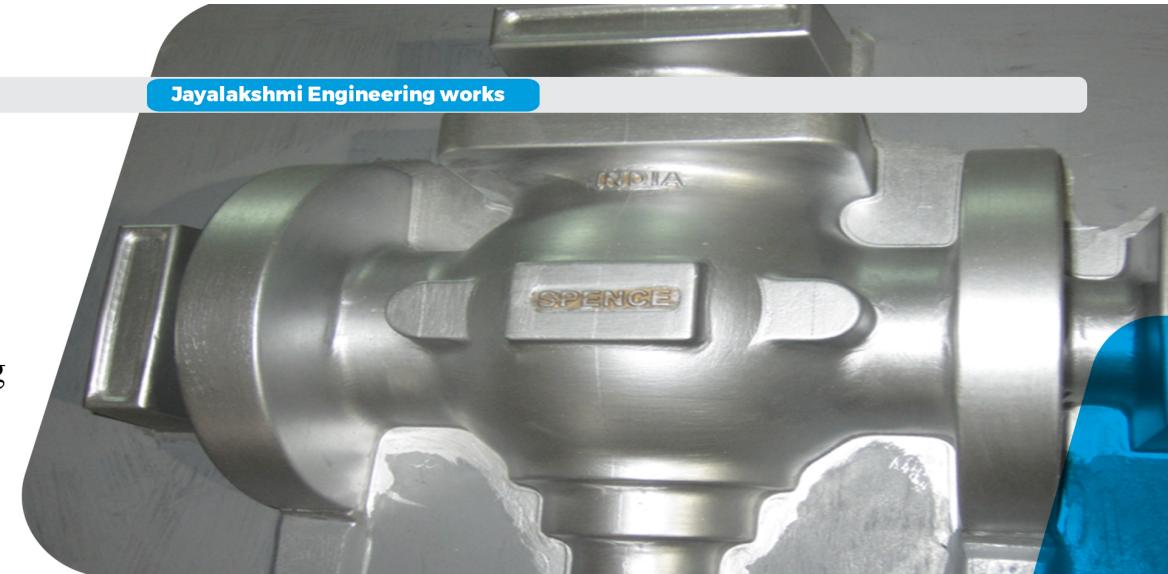

We provide custom made solution as per customer requirements in addition to undertaking of pattern casting and machine shop been to provide our customers with all their requirements under one roof

Our pattern shop and machine shop fully integrated facilities, our reputation as world class casting manufacturing with quality we update in equipment and technology updates

## Business with jew

Jew is more than a machine its relentless consistency , historic accuracy, industry leading expertise and game changing digital technology we ready to take productivity to the next level, than your ready join hands with jew

Since our group has a foundry and machine shop

## OUR SERVICE

- Pattern manufacturing, die-making, machine shop
- With well talented experienced team looking for best clients.
- We are experts in on time delivery and pression
- Reliable and capable engineering processes are at the heart of every component that we manufacture.
- We are supplying high quality parts to various industries in the global market.
- “we update in up to date technology equipment and people to handle any of industrial needs”
- Our team is dedicated in delivering the duties at highest finesse for customer satisfaction
- Major contributor to the society economically and culturally.
- Dedicated to the development of technology and innovations

## INDUSTRIES WE CATER

**Valves and pumps**

**Oil and gas**

**Power and wind energy**

**Defense**

**Automobile**

**Mining and earth moving**

## MISSION

We are engineers and inventors. We design, develop and manufacture engineering products using state-of-the-art engineering technology and efficient manpower to meet the requirements of our customers. Our manufacturing facilities include state-of-the-art equipment, engineered layout with process controls and necessary automations for quality and productivity.

## VISION

- To increase the value of customer
- Focus on quality
- On time delivery

To establish ourselves as a global leader in the production of highly precise machined parts and assemblies that add value to our customers. Constantly updating the facilities and methods of manufacturing.
